**RE: Global Infrastructure, Development and International Finance Agency (GIDIFA)**

I, Honorable Sten Davidson, Ambassador to the United Nations, do hereby, officially and with full personal responsibility, affirm and attest that a Treaty has been duly received, recognized, acknowledged, affirmed, signed and executed by and between GIDIFA and the United Nations. I further attest to the fact that GIDIFA has been officially and duly recognized as a wholly sovereign, multi-governmental, international organization, wholly sovereign in nature, endowed with the same status as any sovereign nation.

Further negotiations continue for the global funding of Humanitarian Projects from GIDIFA, by, for and on behalf of all of the people of the world and for the development of new, innovative, contemporary infrastructure and the provision of the basic rights to life including the provision of readily accessible and affordable health and medical care and treatment, affordable, safe and secure housing in safe and clean environments, the provision of foods and food supplies and readily accessible and affordable education to all of the people of the world.

Additionally, the United Nations and GIDIFA are working together to implement many of the United Nations programs including the Convention on the Rights of Persons with Disabilities and the United Nations Millennial Goals among others. Further efforts are currently underway to address the growing issues and concerns with refugees who have been displaced by conflicts and wars across the globe. It is the deepest desire of all of the parties involved, that together, the United Nations and GIDIFA can work in a cooperative, collaborative, separate but equal fashion to once and for all, fully eradicate the scourge of poverty from the face of the earth and to provide for the true social and economic freedom for the entire human race.

Honorable Sten Davidson  
UN Ambassador
